

ScottMadden Sponsors and Chairs Planning and Launching Shared Services Summit

Your Roadmap to Successful Shared Services Design, Implementation, and Optimization

ATLANTA, GA – (November 23, 2015) – ScottMadden, Inc., a general management consulting firm, recently joined industry leaders as a sponsor and presenter at IQPC’s Planning and Launching Shared Services Summit in San Francisco, CA. This event provided a unique opportunity to learn from shared services organization (SSO) veterans and exchange perspectives with SSO peers.

Trey Robinson, partner at ScottMadden, served as chairman. “While shared services concepts have been around for a long time, companies still recognize the value of moving to the shared services model. We were excited to share our experience successfully designing and implementing shared services models with those just embarking on the process,” said Mr. Robinson.

For information related to the fundamentals of designing, building, and implementing shared services, please contact us at info@scottmadden.com.

About ScottMadden’s Corporate & Shared Services Practice

ScottMadden has been a pioneer in corporate and shared services since the practice began decades ago. Our Corporate & Shared Services practice has completed more than 1,100 projects since the early 90s, including hundreds of large, multi-year implementations. Our clients span a variety of industries from entertainment to energy to high tech. Examples of our projects include business case development, shared services design, and shared services build support and implementation.

About ScottMadden, Inc.
